NPE2009 Student Summit Speed Interview Session

Wednesday, June 24, 2009

4:00 – 6:00 PM – McCormick Place, Chicago, Illinois

Looking to improve your interview skills?

Want to make contact with leaders in plastics-related companies?

Hoping to secure an internship?

The NPE Speed Interview Session is for you!

The Society of the Plastics Industry, Inc. (SPI) is pleased to offer a Speed Interview Session to be held Wednesday, June 24th, sponsored by SPI, SPE, and Gros Executive Recruiters, during NPE2009. This session will be geared toward college students ready to enter the workforce or looking for an internship with leading plastics industry companies.

Students Receive FREE Registration for NPE2009!

- NPE2009 registration includes admittance to show floor – providing access to the latest technologies and networking opportunities with industry leaders.
- Participation in the Speed Interview Session – Provides a networking forum for students to gain and polish interview skills and offers the opportunity to interview with many leading plastics companies in one day.
- To register for NPE2009 visit www.npe.org – NPE badge will be issued onsite upon presentation of student ID.

How Does the Speed Interview Session Work?

Companies reserve a table in the Speed Interview Session. College students/graduates interview at a company table for ten minutes, a whistle blows, and the student moves to the next table. If the student pool exceeds companies, students will be assigned to interviews on a cross-match system based on the student's career track to the company's talent needs. You will also have the opportunity to network with company representatives during the reception prior to the start of the session. To register for the Speed Interview Session, complete the attached form and submit the form with an electronic copy of your resume.

Speed Interview Session Schedule – McCormick Place West

(As of March 17, 2009 – Program subject to change)

4:00 - 4:30 PM	Student Arrivals – Networking Reception
4:30 – 4:45 PM	Welcome & Interview Tips – Dennis Gros, Gros Executive Recruiters

produced by **spi**

NPE2009 Show Hours:

- Monday-Thursday, June 22-25, 9:00 AM – 5:00 PM
- Friday, June 26, 9:00 AM – 3:00 PM

NPE2009 Student Tours

- Guided Focused Tours are available Tuesday, Wednesday, Thursday, and Friday during NPE2009. Tours are limited to groups of 14 people and are available on a first-come, first-served basis – early registration encouraged. Each tour will be approximately one hour and focus on specific technologies displayed on the show floor. These tours will be guided by an industry expert to enhance your tour experience. To register for a group tour, email educate@npe.org.
- Suggested tour routes will be provided to ensure that you will have an opportunity to view the many processes being displayed at NPE in one hour – leaving ample time to tour the rest of the show and visit our Student Friendly Exhibitors.
- Students are encouraged to visit and interact with our “NPE2009 Student Friendly” exhibitors.

About NPE

NPE2009: The International Plastics Showcase will take place June 22-26, 2009, at Chicago’s McCormick Place. Nearly 2,000 companies will exhibit on one million square feet (93,000 square meters), more than a third of them coming from outside the United States. Approximately 75,000 plastics professionals from 120 countries are expected to attend. The event is produced by [SPI: The Plastics Industry Trade Association](#).

For the first time, NPE is co-locating with the industry’s most renowned [technical conferences](#) to give you the largest educational program ever offered at an international plastics tradeshow, along with several [co-located events](#) and the first ever [International Plastics Design Competition](#).

Founded in 1937, [SPI](#) is the plastics industry trade association representing the third largest manufacturing industry in the United States. SPI’s member companies represent the entire plastics industry supply chain, including processors, machinery and equipment manufacturers and raw materials suppliers. The U.S. plastics industry employs 1.1 million workers and provides nearly \$379 billion in annual shipments.
